# PRESENTING SIX SENSES

## *To live is to connect*

The Six Senses brand was born from the desire to help people reconnect with themselves, others and the world around them.

This vision is translated across a broad property portfolio, with wellness, sustainability and out-of-the-ordinary experiences at the core. That's because reconnection can happen anywhere, whether on a remote private island, snowy mountain hideaway, desert dune, lush forest, wine estate or lively lounge in the heart of a city.

From sleep standards to the food on the table, immersive local culture and boosting guests' well-being through pioneering science and ancient wisdom, the aim is to awaken their senses to what's possible.

And now Six Senses is excited to mark its entrance into the UAE market by introducing Six Senses The Palm, Dubai.
